Mountain Biking – 15 miles on dirt, moderately difficult

Whitewater rafting - Class II and III rapids, no experience necessary

Discovery – Crowned by the towering Andes and tucked between the Amazon and the Pacific, Peru offers a captivating mix of adventure, nature and history. Embedded in every active traveler's Top Ten List is the great city of the clouds, Machu Picchu. Our route takes us there from bustling Lima, to the cobblestone streets of Cusco, from ruin to ruin across the Sacred Valley, and by train and breathtaking footpath over the Inca Trail. Catch a glimpse of the Andean Condor, a vulture with the largest wingspan of any land bird – 10.5 feet! Discover the colorful street markets, friendly people, and strong local culture of Cusco, the historic capital of the Inca empire. Photograph the myriad of salt pans in Maras as the sun reflects off the water's surface, slowly evaporating and leaving salt in its wake. Delight in the traditional Peruvian dish of Pachamanca: lamb, mutton, pork, chicken or guinea pig, marinated in spices and baked with the aid of hot stones in an earthen oven known as a *huatia*. Did you know that Machu Picchu is called "The Lost City" because when it was "rediscovered" by Yale explorer Hiram Bingham III in 1911, the jungle had literally swallowed the complex ruins? Even a knife blade can't be inserted between the precise mortarless joints of the stones used in the building of Machu Picchu, and many of these stones weighed more than 50 tons! Come explore Peru with the experts in adventure travel!

Your guides will take the time to explain the details of each activity, answer any questions and demonstrate the use of all equipment. Each activity has been carefully planned to include options for all levels. Most importantly, your guides will help you select the distance that's right for you.
